GCL-CVX-CLC European Meeting in Chemnitz, Germany  
Come and See - the Unseen

<https://chemnitz2025.gcl.de>

## Come and See - the Unseen

In 2025, Chemnitz is the European cultural capital with the motto "C the Unseen"

<https://chemnitz2025.de/>

We as CLC community in Dresden/Meißen/Görlitz are of the opinion that Chemnitz is worth visiting! Therefore we invite you from near and afar, friends and all those who are interested, to explore together the city of Chemnitz and its history. We are looking forward to welcoming you from all over Europe, and hope to have an engaging time with many other CLC members and those who feel attached to CLC.

## Come and See - the Unseen

In these days we will have the opportunity to discover each other and much else in talks, discussions, guided tours and workshops, and to experience community and sharing during Holy Mass and prayer times, as well as the open-minded spirituality of Saint Ignatius.

We also want to look at the history of how CLC in East- and West Germany developed in the past, and listen to stories that have not been heard yet.

During our European meeting we will speak in English and German - and of course we will listen to the language of the heart.
